Upending the Ivory Tower is a definitive account of the experiences of black students at the Ivy League universities from 1945 to 1975. It is a brilliant book, complete with stunning photographs, that I consider essential reading. Wayne Glasker is associate professor of history at Rutgers University (Camden).

Black Students in "Ivory Towers." Allen, Paul. Studies in the Education of Adults, v29 n2 p179-90 Oct 1997. Interviews with 50 black adult students in British universities revealed their experience of racism in curriculum and staffing. They constructed informal support networks for themselves and were skeptical about the legitimacy of institutional knowledge and their expectations of ...

The few black students who attended Ivy League schools in the decades following WWII not only went on to greatly influence black America and the nation in general, but unquestionably awakened these most traditional and selective of American spaces. In the twentieth century, black youth were in the vanguard of the black freedom movement and educational reform. Upending the Ivory Tower ...

Upending the Ivory Tower illuminates how the Black Power movement, which was borne out of an effort to edify the most disfranchised of the black masses, also took root in the hallowed halls of America's most esteemed institutions of higher education. Between the close of WWII and 1975, the civil rights and Black Power movements transformed the demographics and operation of the Ivy League on ...

Ivory Tower also visits Deep Springs College, then Spelman College, offering some much-needed institutional and racial diversity. The movie next turns to Cooper Union, where it settles in for a good while, in order to address that school's unusual tuition history and the recent controversy over its board's decision to charge for it. These scenes include good footage of the student ...
