Feb 26, 2021

[What Every Supervisor Should Know The Complete Guide To Supervisory Management](#)

Time management is a very important skill for a supervisor to have to get everything done on schedule. To have this skill, you must be able to prioritize and delegate tasks. You should be able to work efficiently and have a good idea of how long a task will take you to complete. Also, supervisors need to be conscientious about coming to work on time and staying until their work is done.
